MASTER OF ARCHITECTURE

QUALITY • TRADITION • RECOGNITION

City U - City Graduate School

Higher education ensures adults are able to excel in their field of expertise. By preparing them to meet all expectations of the real world environment, we are focused on producing the future leaders and professionals. At City University, we firmly believe in a holistic approach to adopting and developing dynamic professionals. Ever since 1984, we have produced over 35,000 graduates, who are now in various reputable organizations worldwide. Our years of experience, make us one of the oldest private education providers in Malaysia, qualify us as a provider of top-quality yet affordable tertiary studies.

Quality, Tradition and Recognition, these three elements are majorly embedded strongly in all possible areas in City University, which also includes management, programme design, and even student activities. Our main motive is to be the leader of postgraduate studies in Malaysia; by providing enough trust and enhanced guidance on all postgraduate programmes. We are committed to provide a positive and an empowering environment to support postgraduates in achieving their objectives in academic and research by providing expert practitioners in the respective field.
