

Foundation in Arts (Graphic Design & Multimedia)

(R2/010/3/0084) (MQA/FA 1998) 07/2027

The Foundation in Arts (Graphic Design & Multimedia) programme is designed to give students a clear path to City University's Bachelor of Graphic Design (Hons) and Bachelor of Multimedia programmes (Hons).

Students will be prepared to deal with solid design concepts thanks to the program's fundamental graphic design and multimedia modules. Students will be able to turn their thoughts and visions into actual materials with the help of computers with contemporary graphic design capabilities.

BENEFITS

You can improve your academic skills: Foundation courses allow you to develop the skills you will need to succeed in tertiary education. This ranges from general study skills (such as academic writing, time management and independent research) to knowledge in specific areas related to your chosen field

EDUCATION PROSPECTS

This programme aims to introduce students to the different fields of study in graphic design and multimedia. Students will be exposed to specialized modules, real-life simulations, out-of-classroom field and study trips, interaction with working professionals as well as competitions.

Upon successful completion, students are eligible to enroll into our degree programmes.
