ABOUT CGS

City University Malaysia is the University that empowers progress through innovation and entrepreneurship. City University was established in 1984 and has been in the education industry for 38 years now. This sustainability gives us credibility. City University Malaysia has proven its ability to adapt to modern contexts and remain relevant in a globalized world despite intense competition.

Established in 2010, City Graduate School (CGS) is shining as an integral part of City University Malaysia. CGS is a youthful, vigorous, and growing school, with an outstanding record of success. CGS brings together postgraduate candidates from all areas, encouraging a multi-disciplinary approach. City Graduate Schools (CGS) develops research skills and provides students with the opportunity to conduct in-depth research in their chosen discipline. We have expert lecturers and research professors in many areas who teach our postgraduate programmes and supervise postgraduate research thesis.

As part of our effort to strengthen our programmes, CGS is actively collaborating with various industries and government agencies. The main objective of CGS is to offer programmes that emphasize experiential learning in theory and practice; develop critical and creative thinking skills, leadership and management skills, and lifelong learning to produce holistic and balanced graduates. Industry-driven education curriculum of programmes prepares our graduates to become global citizens and solve the challenges of the modern world.

OUR MISSION

To advance knowledge and learning through quality education for the nation and humanity
